Art. 2. To hear and act on the reports of Town Officers and Committees.

Reports of the several Town Officers and Committees taken up separately, considered and adopted.

Water Commissioners reported informally on the valuation of land of M. J. Martinson. Report accepted as a report of progress with instructions for further report at the next meeting of the Town.

Art. 3. To see what disposition the Town will make of the money refunded by the county on account of dog licences.

That money refunded by the County on account of dog licences be appropriated to the use of the Public Library.

Art. 4. To see if the Town will appropriate a sum of money for Memorial Day, or act in any manner relating thereto.

Voted to appropriate \$100 for expenses of Memorial Day.

To be expended by a Committee appointed by the Moderator.

Art. 5. To appropriate money for all necessary town expenses, including a sum sufficient to pay all town officers salaries.

Poor Department,	\$1200 00
Roads and Bridges,	2500 00
Fire Department,	1200 00
School Department,	16500 00
Debt and Interest,	7758 00

Tree Warden,	500 00
Snow,	1800 00
Public Library,	50 00
Incidentals and Town Officers Salaries	2500 00
Street Lights,	1000 00
\$650 be appropriated for Water Sinking Fund to	be taken
from the funds of the Water Commissioners.	

Art. 6. To see if the town will appropriate a sum of money for the maintenance of law and order and the suppression of the illegal sale of liquor.

Voted to appropriated \$100 for the maintenance of law

and order and the suppression of illegal liquor sale.

Art. 7. To see if the town will appropriate the sum of \$640.73, authorized by the state for the suppression of the gypsy and brown tail moths.

Voted to appropriate \$640.73 for the suppression of the

gypsy and brown tail moths.

Art. 8. To see if the town will appropriate sum of money for the purpose of applying tarvia to the main thoroughfares of the town, or act in any manner relating thereto.

Voted to appropriated \$4000 to apply Tarvia to the main thoroughfares of the Town excepting Main street, which is covered by a special article, and that it be applied under the direction of the Selectmen, and that no Tarvia be applied on any street except the street be in order to receive it, and that it be covered by sand instead of gravel.

Art. 9. To see if the town will appropriate the sum of

\$300.00 towards the support of the District Nurse.

Voted to appropriated \$300 towards the support of the district nurse.

Voted the same be expended under direction of the Board of Health.

Art, 10, To see if the town will appropriate money to build a new bridge across the sluice way on Pleasant Street in Rockville, or act in any manner relating thereto.

Voted to appropriated \$1000 to build a new bridge over the sluice way on Pleasant street, Rockville.

Art. 11. To see if the town will make a new contract for Electric Street Lighting to take the place of one expiring this year, or take any action relating thereto.

Voted that the Selectmen be authorized to make a new

contract for street lighting.

Art, 12. To see if the town will appropriate money to build a new bridge across the sluice way on Baltimore street, or act in any manner relating thereto.

Voted to appropriate \$1000 to build a bridge over the

sluice way on Baltimore street.

Art. 13. To see if the town will appropriate a sum of money to buy new fire hose, or act in any manner relating thereto.

. Voted to appropriate \$800 to buy new fire hose under the direction of the Fire Engineers.

Art. 14. To see if the town will appropriate the sum of \$400.00 to be used towards the erection of a band stand in the triangle opposite Grange hall, or act in any manner relating thereto.

Voted to dismiss the article.

Art. 15. To see what action the town will take in regards to motorizing the fire department, and appoint a committee to investigate the same, and report at the next town meeting.

Voted that M. B. LaCroix, R. F. King and D. C. Adams be a committee to investigate the question and report at the next meeting of the town.

Art, 16. To see if the town will appropriate a sum of money to apply crushed stone and tarvia or oil on Main street, or act in any manner relating thereto.

Voted to appropriate \$3000 for crushed stone and tarvia for Main street.

Art. 17. To see if the town will appropriate the sum of \$400.00 for the Suppression of the Elm Leaf Beetle, or act in any manner relating thereto:

Voted to appropriate \$400 for the suppression of elm

leaf beetle.

Art. 18. To appropriate money for any expenses incurred by the Committee on Welcome Home Day Celebration, or act in any manner relating thereto.

Voted to appropriate \$700 to cover any expense incurred

by the Committee on Welcome Home Day,

Voted. The town extend a vote of thanks to the committee for the able manner in which the affair was carried out.

Art 19. To see if the town will appropriate a sum of money for the purpose of procuring plans of a building for the Memorial Library, or act in any manner relating thereto.

Committee by its Chairman, reported no definite action

since September meeting.

Voted to accept the report of the Memorial Library Committee and that the Committee be discharged.

Voted. That a committee of six be appointed to secure plans and estimates and report to the town.

Edwin P. Pittfield. Paul J. Paloski, Louis LaCroix. · Frank Hamm, George L. Smith, Clarence E. Simpson. Voted to appropriate \$100 for the use of the Memorial Library Committee in securing plans and estimates for the Library Building.

Art. 20. To see if the town will appropriate a sum of money to print the Assessors' Valuation, or act in any manner.

Voted to appropriate \$300 to print the Assessors' Valuation for 1920 as called for by the town by-laws.

Art. 21. To see if the town will appropriate a sum of money for special repairs on such streets as are selected by the Massachusetts Highway Commission acting in conjunction with the state and county, or act in any manner relating thereto.

Voted that the sum of \$1000 be appropriated for special repairs on such streets as are selected by the Mass. Highway Commission, acting in conjuntion with State and County.

Art. 22. To see if the town will appropriate money for a stone crusher, or act in any manner relating thereto.

Voted to dismiss the article.

Art. 23. To see if the town will appropriate a sum or money to widen and repair Exchange street, or act in any manner relating thereto.

Voted to appropriate \$800 for repairs on Exchange street north from the railroad.

Art 24. To see if the town will accept the resignation of Frank S. Harding, Assessor.

Voted to accept the resignation of Frank S. Harding as one of the Assessors of Millis.

Art. 25. To see if the town will appropriate a sum of money to dig a new well for the pumping station, or act in any manner relating thereto.

Voted to appropriate \$3000 to put in new well at the pumping station under the direction of the Water Commissioners.

Art. 26. To see if the town will appropriate a sum of \$1800.00 to pay assessment made by the County Commissioners, or act in any manner relating thereto.

Voted to appropriate \$1800 for assessment by the County Commissioners as proportion part of cost of new bridge over Charles River at Green street.

Art. 27. To see if the town will authorize the Treasurer with approval of the Selectmen to borrow \$1800.00 appropriated under Article 26 for a period not exceeding three years.

Voted. That the Town do authorize the Treasurer, with the approval of the Selectmen, to borrow \$1800.00 and issue the notes of the town therefor, payable \$600 in 1 yr., \$600 in 2 yrs., \$600 in 3 yrs. from date of first note.

Art. 28. To see if the town will appropriate a sum of money to pay assessment made by the County Commissioners for the maintenance of the Tuberculous Hospital for the year ending December 31, 1919.

Voted to appropriate \$555.17 assessment as Millis proportional part of the maintenance of the County Tuberculous Hospital for 1919.

Art. 29. To see if the town will authorized the Treasurer with the approval of the Selectmen, to borrow not exceeding \$300.00 under Article 25 for a period not exceeding five years, or act in any manner relating thereto.

Voted Article 29 be laid on table.

Art. 30. That the treasurer with approval of the selectmen, be and hereby is authorized to borrow money from time to time in anticipation of the revenue of the muni-

cipal year beginning Jan. 1, 1920, to an amount not to exceed \$30,000, and to issue a note or notes therefore, payable within one year, any debts incurred under this vote to

be paid from revenue of said municipal year.

Voted unanimously. That the treasurer with the approval of the selectmen, be and hereby is authorized to borrow money from time to time in anticipation of the revenue of the municipal year beginning Jan. 1, 1920, to an amount not to exceed \$30,000, and to issue a note or notes therefore, payable within one year, any debts incurred under this vote to be paid from revenue of said municipal year.

Art. 31. To grant money appropriated in the foregoing articles.

Voted to grant \$47803.90 to cover amounts appropriated under the foregoing articles excepting Articles 10 and 12.

Adjournment.

Louis LaCroix, Town Clerk.

SECOND MEETING, JULY 12, 1920.

Meeting called to order by O. T. Dean, acting for Geo. P. Holbrook, annual moderator.

Voted unanimous that Mr. Dean act for Mr. Holbrook.

Voted to take up articles as do not require the appropriation of over \$200.

Article 1. To hear and to lact on the Report of the Sewer Commissioners regarding Sewer Assessments as provided for in Section 7 of Chapter 129 of the Special Acts of 1918.

Commissioners by E. F. Richardson, in writing-

Attention is called to the following statement of the Statute Law: The Board of Sewer Commissioners of Millis acting under the authority vested in them by Section 7 of Chapter 129 of the Special Acts passed by the Legislature of Massachusetts during the year 1918, hereby determine and publish the following rates for assessments, as representing the benefit to the estates and properties whenever they may be reached by the seweraged system.

- 1. Every estate that abuts on a street or way in which a sewer is constructed shall pay an assessment of One Dollar (\$1.00) per foot of frontage on such street or way. Provided however that any estate or portion thereof as cannot be drained into such sewer shall not be assessed and in case of corner estates a distance of one hundred (100) feet shall be exempted in case both streets are sewered.
- 2. Every building on such estates which is used as a human habitation or for any purposes that requires drainage shall pay an entrance fee which shall be due at the same time the frontage assessment is made. Whenever a new building is built on such estates, an entrance fee shall be paid when the building completed. Provided however no building shall be required to pay an entrance fee unless it can be drained into the sewer.

The entrance fee for a single dwelling shall be fifty dollar (\$50); for double houses the entrance fee shall be one hundred dollar (\$100).

The entrance fee for dwellings occupied by more than two families or for buildings used for hotels, restaurants, factories or other purposes shall be determined by the Board of Sewer Commissioners for each case.

We have assessed as follows: J. M. Herman Co., \$11500; Clicquot Club Co., \$11500; Safe Pack Paper Co., \$3000; Charles A. Smith, \$850; Charles Kostolis, \$450.

Voted unanimous. That the town accept and adopt the report of the Sewer Commissioners and ratify, confirm, and adopt the assessment apportionment as set forth in said report.

Art. 2. To see if the Town will appropriate additional money to build a new bridge across the sluice way on Pleasant Street in Rockville, or act in any manner relating thereto.

Unanimously voted. That it is the sentiment of the voters of Millis, present in town meeting assembled, that the Selectmen make an agreement of purchase with the American Felt Co., of the property and water rights on Charles River at Pleasant street in the Village of Rockville, Millis, at a price not to exceed \$3000.

Art. 3. To see if the Town will approve of the purchase of the J. C. Wall property on Baltimore Street, Rockville, for the purpose of filling in the sluice way, or act in any manner relating thereto.

Voted to approve the acts of the Selectmen and to appropriate \$16.3 to meet the expense additional to the appropriation of the annual town meeting for a new bridge.

Art. 4. To see if the Town will appropriate additional money for the Fire Department.

Voted unanimously to apprepriate \$100 for the use of the Fire Department.

Art. 5. To see if the Town will appropriate money to purchase a Stone Crusher, or act in any manner relating thereto.

No action taken.

Art. 6. To see if the Town will appropriate an additional sum of money for the purchase of Tarvia for the main streets, or act in any manner relating thereto.

No action taken.

Art 8. To see if the Town will permit the Girl Scouts to hold their regular meetings in the High School Building.

Voted 16 yes, 13 no. That the town should permit the Girl Scouts to hold their regular meetings in the High School Building.

Art. 9. To grant money appropriated under Articles 10 and 12 of the Annual Meeting held Feb. 9, 1920.

Voted unanimous. That the \$2000 appropriated under Arts. 10 and 12 of the annual meeting be granted.

Art. 10. To see if the Town will authorize the Treasurer, with the approval of the Selectmen to borrow not exceeding \$3000.00 appropriated under Article 25 of the Annual Meeting held Feb. 9, 1920, for a period not exceeding five years, or act in any manner relating thereto.

Voted unanimous. That the Treasurer with the approval of the Selectmen, be and hereby is authorized to borrow the sum of \$3000 appropriated at the annual meeting Feb. 9, 1920, under Art. 25, and to issue serial notes of the town of \$600 each payable \$600 in one year, \$600 in two years, \$600 in three years, \$600 in four years, \$600 in five years, from date of issue of first note.

Art. 11. To see if the Town will vote to amend Chapter 1, Section 4 of the Town Bylaws so as to require 10 per cent of registered voters to be present to appropriate money, or to act in any relating thereto.

No action taken.

Art. 12. To grant money appropriated in the foregoing articles.

Voted unanimous to grant \$116.23 appropriated in the foregoing articles.

Voted that this meeting adjourn to two weeks from tonight, June 26, 1920.

THIRD MEETING, JULY 26, 1920.

Article 1. To see if the Town will appropriate a sum of money to purchase the property of the American Felt Co. in Rockville, or act in any manner relating thereto.

Voted unanimous. That the Selectmen be instructed to purchase the property and water rights of the American Felt Co. on Charles River at Pleasant street, Rockville at a price not exceeding \$3000.

Voted unanimous. That the Selectmen be instructed to sell to the highest bidder at public or private sale that portion of the property purchased from the American Felt Co. as is situated on the east side of Pleasant street and the part on the west side of Pleasant street be reserved for the uses of the Town of Millis.

Voted unanimous. That the Selectmen co-operate with the citizens of Rockville in clearing the land on the west side of Pleasant street, expending balance of any monies left after closing the sluice way, the land to be under the con trol of the Park Commissioners.

Art. 2. To see if the Town will authorize the Treasurer, with the approval of the Selectmen to borrow not exceeding \$3000.00 appropriated under Article 1 for a period not exceeding three years, or act in any manner relating thereto.

Voted unanimous. That the Treasurer be anthorized, with the approval of the Selectmen, to borrow a sum not exceeding \$3000, and to issue three notes of the town therefor payable in one, two and three years from date of issue.

Art. 3. To see if the Town will authorize the Treasurer, with the approval of the Selectmen to borrow not exceeding \$4000.00 appropriated under Article 5 of meeting

held July 12, 1920, for the period not exceeding four years, or act in any manner relating thereto.

Laid on table.

*Adjourned.

Louis LaCroix,

Town Clerk.

JULY 26, 1930, ADJOURNED MEETING.

Meeting called to order by G. P. Holbrook, annua moderator.

Warrant of July 26 laid on table until after action on adjourned meeting.

Record of meeting of July 12, 1920 read and declared approved.

59 voters present.

Art. 5. To see if the town will appropriate money to purchase a Stone Crusher, or act in any manner relating thereto.

Voted unanimous- 'That the whole matter be referred to a committee to report within sixty days.

Committee nominated from the floor:

G. L. Smith, R. F. King, T. J. McCarthy, G. C. Thrasher, H. P. Soule.

Art. 6. To see if the town will appropriate an additional sum of money for the purchase of tarvia for the main streets, or act in any manner relating thereto.

Voted unanimous. To appropriate \$1500 additional for tarvia.

Art. 7. To see if the Town will appropriate additional money to pay Snow bills, or act in any manner relating thereto.

Voted to appropriate \$625 to pay snow bills now due.

Art. 11. To see if the town will vote to amend Chapter 1, Section 4 of the Town Pylaws so as to require 10 per cent of registered voters to be present to appropriate money or to act in any manner relating thereto.

Voted unanimous to refer the matter to next annual meeting.

Voted to instruct the Selectmen to prepare a copy for the intended amendment.

Art. 12. To grant money appropriate in the foregoing articles.

Voted to grant \$2125 appropriated under Articles 6 and 7.

Louis LaCroix,

Town Clerk.

FOURTH MEETING, OCT. 15, 1920.

Article 1. To see if the town will vote to use in making needed repairs on Village straet the \$3000 which remains unused, and which was appropriated under Article 16 in the warrant for the last annual meeting held February 9, 1920, or take any action relating thereto.

Voted 10 yes, 9 no. That the \$3000 appropriated under Article 16 of the annual warrant and not used revert to the town treasury.

Art 2. To see if the town will appropriate a sum of money to pay for coal for the pumping station, or act in any manner relating thereto.

Voted unanimous. That the Water Commissioners be authorized and instructed to borrow \$800 to pay for coal.

Committee appointed July 26, 1920, to look into the practicability of a stone crushing plant.

Commonwealth of Massachusetts, Department of Public Works, Division of Highways, State House,

Boston, October 14, 1920.

Mr. G. L. Smith,
15 Beacon street, Beston.

Dear Sir:

For your information I am sending you copy of report made by District Engineer Pillsbury reading as follows:

"In accordance with your instructions of September 29, I have been in Millis the second time and met their Special Committee, giving them the following advise:

"Mr. Smith who was mentioned in your letter was unable to be present but the Chairman of their Committee, Mr. King, was there and his questions might be briefly summarized under two heads, first, whether they should purchase a crusher, and second, whether it would be wise for them to adopt a definite road policy and if so, how to go about it.

"With regard to their first question, I told them that as I had advised them on my previous visit, in my opinion, a stone crusher for this town would be a luxury rather than a necessity and that they would do better to take the money they would spend for a crusher and the additional expense of building roads with gravel put through the crusher and improve their roads with this money. That it would probably be some time before they really needed to own a crusher or even a roller but the roller was more desirable for them to obtain first.

"I advised them that, in my opinion, it would be wise for them to adopt a definite road policy and that if they did it, to try to adopt a tentative policy which would include a period of about five years. I further advised them that, in my opinion, it was unwise, if it could be avoided, to entrust road matters to a Special Committee, thus relieving the Selectmen of this duty, which in small towns like Millis the Selectmen should be able to attend to, with the assistance of a competent road superintendent appointed by and responsible to the Selectmen but in the event of the Selectmen having failed to adopt any constructive policy, to keep the roads in a satisfactory condition, sometimes it was necessary for citizens to take other action. I told them they should not expect to keep their roads up for less than \$12,000 or \$15,000 a year and if they wished to make any decided advancement, they might appropriate an additional \$3000 or \$5000 per year for improvements."

Yours truly,
(Signed) A. W. DEAN,
Chief Engineer.

The Good Roads Machinery Company, Inc.
61-63 Oliver street,
Boston, Mass., Oct. 16, 1920.

Mr. H. P. Soule, 12 South Market St., Boston, Mass. Dear Sir:

Referring to the writer's telephone conversation with you on yesterday relative to your request for price information on crushing plant suitable for your town's requirements, he begs to state that he is sending you under separate cover catalogue descriptive of our Climax Crusher and road build ing machinery.

He is also enclosing herewith cut and description of our Climax Crusher, 10 x 20 mounted with 24 foot elevator, 40 ton bin. This is an ideal plant for towns like Millis and would cost you complete, without power or drive belt, \$3500, F. O. B. factory.

It you did not wish the mounting on crusher or bius we would deduct \$350.

If you would feel inclined to follow the writer's suggestion to put in a stationary plant and build your own bins, we could furnish you a suitable crusher, elevator and screen for \$2500.

If you can possibly use electric motor, we would advise you doing so. If not, the next best thing would be a gasoline traction engine. If there is any further information we can offer you, we would pleased to have you advise us.

Trusting to be favored with your valued order, we are Yours very truly,

THE GOOD ROADS MACHINERY CO. F. H. Greaney.

Voted unanimous. Report of Committee be accepted and there recommendations be adopted.

Voted. That the thanks of the town be extended to the Committee for very able investigations.

Voted that the same Committee be the Committee recomended to bring before the town at the annual meeting a continuation road plan.

R. F. King

G. C. Thrasher

H. P. Soule

G. L. Smith

T. J. McCarthy

Report of the Committee on the purchase of a Stone Crushing Plant for the town of Millis, Massachusetts, Oct. 14, 1920.

The Committee was appointed at the special town meeting held July 12, 1920. We have held six meetings.

We have had the superintendent of streets at some of our meetings.

We have questioned by letter the superintendents of streets of ten towns which own or have recently purchased crushing plants. The names of these towns are—

Athol, Mass.
Orange, Mess.
Watertown, Mass.
Danvers, Mass.
Gardner, Mass.

Walpole, Mass. Stoughton, Mass. Reading, Mass. Arlington, Mass. Atkinson, N.H.

We have had two sessions with Mr. Pillsbury, Division Engineer in the employ of the Division of Highways of the State Department of Public Works.

One of our meetings was devoted to Mr. Francis V. Bulfinch, a member of the Dover Finance Committee on Roads, who described to us the method of handling the road problem in the Town of Dover.

Members of the Committee have visited the gravel pits in the town and have also visited a crushing plant in operation in Westwood.

As a result of its work your Committee reports as follows:

Gravel. The gravel now being used on the roads is good road material, free from clay and has good binding qualities.

According to figures furnished us by the superintendent of streets in the recent work on the widening of Exchange street, in placing 198 loads of gravel on the road it was necessary to remove 96 loads of large stones. Thus it was necessary to handle 294 loads to obtain 198 loads of road material. This indicates that about 67 per cent of the gravel in the pit is available as road material. It should be noted here that the only loss is the material which is thrown away. The cost of handling is about the same whether the material is hauled to the road or to some other place.

It is conceded by everyone we have consulted that our gravel crushed and screened into three or more grades would make a better road material than we are now using. The larger particles being angular would pack closer under a rolfer and it would be a decided gain to have the material graded into different sizes. Accurate information as to the relative cost of crushed and uncrushed material is difficult to obtain, but the best information we have been able to get leads us to believe that the cost at the pit in either case would be about the same. The only gain in using crushed material would be that a better road could be built, provided, however, that it were well watered and rolled. This would increase the unit cost of the road.

Cost of Crushing Plant. Prices indicates that a crushing plant, including a crusher, elevator, screen and bins, can be bought for between \$3,200 and \$3,741; the prices varying according to the size or capacity of the units selected.

Motive power would cost between \$500 and \$1000.

An electric motor would cost the least and would probably be most satisfactory. They might be difficulty in having power lines run to the pit.

They would be freight to pay, installation charges, housing for the engine to be provided, and other incidentals

which might bring the cost to \$4,500.

Your Committee is of the opinion that if a crushing plant is purchased the town should own the motive power.

Cost of Operations. Assuming a first cost of \$4,500 the

cost of owing the outfit would be

Interest, 7 per cent \$315 00

Maintenance repairs, depreciation

Maintenance, repairs, depreciation 10 per cent

450 00

Total

\$765 oo per annum

Reliable figures as to operating expense are difficult to obtain. It appears, however, that there would be required:

1 engineer

2 men to feed the hopper

2 teams to haul the material to the hopper.

Economy and efficiency depend largely on continuous operation and on the amount of work to be done. The best information leads us to believe that for the amount of work done on our roads at the present time, a crushing plant would not be in operation more than one month in the year.

Your Committee has been unable to find any town in the state doing the work it is proposed to do here. Wherever crushers are in operation they are crushing stones.

Roller. Better roads could be built if a steam roller were more freely used.

Rollers owned by the state are available at times. Rollers owned by other towns could be hired, but would be hard to get when needed.

It is probably desirable that the town own a roller, but it does not seem to your Committee that the town should buy one at this time on account of present high prices.

Conclusions. Your Committee after his investigation has come to conclusions which we summaries as follows:

- road material; about 67 per cent of the gravel in the pit being available.
- 2.—The same gravel crushed and screened into sizes would produce a better road material, but would require a more expensive treatment in order to get the benefit of it.
- 3.—No town in the state has a plant which is crushing gravel. Therefore, if the town should buy a crushing plant it would be undertaking a costly experiment the results of which cannot be accurately estimated.

4.—It is not certain, with our present method of handling our road problem, that the use of crushed gravel would result in more durable roads, for it is probable that, to get proper results using crushed gravel, it would be necessary for the town to own a roller and a watering cart.

For the reasons given above your Committee has voted: "That it does not consider it advisable for the town to pur-

chase a stonecrusher."

The road problem is important and is of interest to every resident of the town. A large sum of money is spent each year. It ought to be spent wisely and efficiently. Our roads must be made more durable in years to come if they are to stand the use to which they will be subjected.

Your Committee, therefore suggests the advisability of appointing a Committee to consider the town's road problem as a whole and to report at the next annual town meeting.

Louis LACROIX,

Town Clerk.

FIFTH MEETING, Oct. 28, 1920.

Art 1. To see if the town will vote to use in making needed repairs on Village street the \$3000 which remains unused, and which was appropriated under Art. 16 in the warrant for the last annual meeting Feb. 9, 1920, or take any action relating thereto.

Voted. That the town use \$3000 of the unused money in the treasury for Village street repairs, provided the Highway Commission and the County Commissioners together furnish an amount not less than \$2000,

Division of Accounts, State House, Boston,

Oct. 25, 1920.

Mr. J. C. Thorne. Dear Sir:

In reply to your letter of even date, I beg to say that since the appropriation made at the annual town meeting, for the improvement of Main street, and raised in the tax levy, cannot be used during the current year, if it is agreeable to all parties concerned—the voters of the town meeting, the officials of the State Department (Department of Public Works), and the County Commissioners—I can see no reason why this sum may not be transferred to be used for highway purposes as directed by vote of the special meeting of your town. This money, however, could not be used for any purpose other than that for which it was appropriated, without the action of the town at a town meeting.

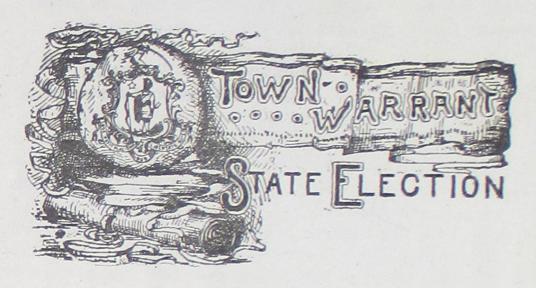

In reply to your second inquiry relative to the by-law which requires that a certain percentage of the registered voters shall be present, I would say that in my opinion this provision applies.

In reply to your last inquiry relative to the by-law which provides for the closing of the accounts at the end of the year, I would say that this provision does not effect the case in so far as the town acts within its legal right at duly organized town meetings, and if the appropriation has been increased by action of a special meeting, the balance which would revert at the end of the year would be the balance at that date; likewise, it seems to me that an appropriation against which no obligations have been incurred and none are contemplated might be reduced, and the balance which would lapse under the by-law would be the balance in that

account at the end of the year. Therefore, I do not see how this by-law would in any way prevent the town in acting when no liability has been incurred or is contemplated.

Very truly yours,

THEODORE N. WADDELL,
Director of Accounts.

The work of cutting brush this year on the road side has been held back considerably for two reasons: First, The law past compelling the burning of all brush as you go along. Second, The removal of dead trees which is not completed as our funds gave out. This year I have tried to widen out some of the narrow streets to make them passable by removing the growth back to the street line. This work I am trying to carry on by getting the abutters to take the wood and pay a fair price per cord for the cutting, or give the abutters a fair price per cord for the wood standing. In this way I have started on this work and hope with the cooperation of the abutters to accomplish the widening of all the narrow and almost impassable streets, and I recommend and request the same appropriation as this year, the sum of five hundred (500) dollars.

EVERETT L. COLDWELL,

Tree Warden.

In my itemized report I have entered the elm leaf beetle account with the gypsy and brown tail moth account, and recommend and request the same amount for the elm leaf beetle this coming year. I also recommend and requests the appropriation of one thousand (1000) dollars for the gypsy and brown tail moth department, instead of just the state recommendation, as the arsenate of lead will cost something over one thousand (1000) dollars, as I have received word from the state that the lead will cost about the same as last year, and it is difficult to do work and buy supplies and material with about half the capital needed.

EVERETT L. COLDWELL,

Superintendent,

We recommend the appropriation of \$50.00 besides the dog tax, for the coming year.

J. M. Herman Co., Clicquot Club Co, and Safe Pack Mills have taken an appeal from their assessments to the Superior Court. By direction of the Selectmen the Sewer Commissioners have retained Wm. H. Hitchcock of Dedham as counsel. Under the law, the J. M. Herman Co., Clicquot Club Co., Safe Pack Mills, Mary L. Dean and Charles A. Smith have taken advantage of the apportionment clause, and their assessment is divided into ten (10) equal payments to be paid with interest at 6 per cent in 10 years.

We recommend the extension of the Sewerage system on Irving street to take in Mr. Wade's house.

J. A. COLE,
EDWARD LACROIX,
School Committee.

SUPERINTENDENT'S REPORT.

To the School Committee of Millis: School Expenses.

A wise economy should govern school expenses as well as all expenses. No wisdom or economy, however, can change the fact of the increased cost of living during the past few years. According to the U. S. Monthly Labor Review Bullentin for September, 1920, the increased cost of the necessaries of life from 1916 to 1920 was about one hundred per cent.

The cost of the school supplies has increased with the cost of other supplies. An expenditure of \$20,000 for the past year would be very nearly the equivalent of \$10,000 spent four years ago. A salary of \$1200 at the present time would be about equal to \$600 in 1915 or 1916. While these are well known facts they are worth emphasizing to prevent any lowering of educational standards.

Educational Standards.

The general intelligence and character of the inhabitants in any state depends very greatly upon standards of education. Good schools in numerous small communities affect general educational excellence quite as much as conditions in the larger towns and cities. The movement towards concentration has caused many small rural schools to disappear. Pupils transported to a common center are given many of the advantages of a larger system.

Carefully graded classes, supervisors of special subjects, and the enthusiasm of competition all tend to elevate the character of the work. Boys and girls in all schools should have the best trained and most skillful teachers. So long, however, as education is mainly a community affair, the larger towns and cities possess undoubtedly greater advantages. Whatever advantages a town or city may have, nothing can deter the citizens of another community from striving to maintain the highest possible standards even at the cost of special efforts and some sacrifice.

Physical Training.

Proper educational training should be an integral part of every system of education. The large number of young men physically unfit for military duty in the recent World War emphasizes the need of training for bodily development. All training is a state of mind plus its outward expression. Teachers who thoroughly realize the value of correct physical development will find various ways to secure it. Marching, singing, health talks and regular, simple gymnastic exercises can be given in all schools. Lasting results for good come from persistency and desire to help the pupils.

Vocational Training.

One of the prominent features of modern educational development is vocational training. Business Colleges, High Schools of Commerce, Agricultural and Manual Art Schools illustrate this desire to furnish special training for special work. Manual training and domestic science courses are results of this movement for vocational education. Teachers in the upper grades of elementary schools may profitably help to guide pupils in choosing some vocation. Oral discussions and compositions concerning different trades and professions are especially suitable for pupils of this age.

Training for Culture.

Strong bodies and trained intellects are very desirable results of education, but they are not enough. True education means these and something more. This something more is

indicated by the word culture. A cultured person is one who shows by words and acts that the entire character is in harmony with whatever is true and beautiful. Kindness and consideration for others are unfailing marks of culture. Good books, music, works of art, and above all the influence and example of noble lives lift us to higher levels of culture. Strength and efficiency alone are characteristics of a machine; self-control, sympathy for others and love for all that is beautiful are qualities of the truly developed human soul.

Elementary Schools.

The following topics given to elementary teachers at the beginning of the school year indicate points to be emphasized in the work:

GRADES I-VIII.

- 1. Registers.
- 2. Programs.
- 3. Class Record Books.
- 4. Attendance Record.

REPORT OF TEACHER OF MUSIC AND DRAWING.

Millis, Mass., Dec. 23, 1920.

Mr. Albert S. Ames,
Superintendent of Schools,
Millis, Mass.

Dear Mr. Ames:-

The Millis Public Schools continue to progress in the

drawing and music departments.

The drawing classes according to grade, deal with projects in paper folding and cutting; construction work; measurement; free hand drawing; crayon and brush work;

and, in High School, design.

In the lower grades the children learn the rudiments of music, gradually mastering the study of the time motions; two, three, and four-part singing follows. In the High School we are preparing a miscellaneous program of representative types of songs, among which is included a cantata. This year we hope to establish a Victrola Fund and later purchase a machine, thereby making our musical equipment doubly strong.

To the teachers and school people is extended an appreciation of their earnest and efficient co-operation. This invaluable support promotes an increasing development in all

scholastic work.

Respectfully submitted, ELIZABETH GRIFFIN.
